"Working Smarter"

No make-ready or logo charges with customer supplied camera ready art.

Complete tag with pin or clip \$9.95  
Complete tag with magnet back \$11.95

## Now you decide ...

## Paper or Plastic?

It's really a simple choice. The quality of your work tells the world who you are. Are you crinkled, temporary and off-center? Or are you polished, sturdy and professional? Tell them you mean business. Tell them you care about your work. **Tell them who you are.**

## Overview

Image Awards can custom make your name tag to order, using a variety of mediums. The options are loosely covered in this brochure, however, don't feel limited to what you see here, because, when it comes to name tags, the only limits are that of the imagination!

The color combinations are many, and, with the exception of Sublimated name tags, the plastic or brass can be cut to any size you like.

So, take a look & see what your options are. Once you have a handle on what you want, give us a jingle ... We'll be happy to whip up the name tag you desire ... And quickly too! Most name tags take just a few days!

## Tip

Always wear your name tag on your right side. This way, when someone shakes your hand, it is easily read!

## FYI

Tired of poking holes in you clothes? We can replace your old name tag backing with a magnet for just \$2.00!!!
